

Porsche Centre Bahrain celebrates World Photography Day with coffee and cars gathering

20/08/2026 Porsche Centre Bahrain brought together the local photography and automotive communities for a special Coffee & Cars gathering at its showroom in celebration of World Photography Day.

Bahrain |The event welcomed a curated group of photographers and content creators to enjoy a morning surrounded by some of Porsche's most iconic sports cars, with a particular focus on the legendary Porsche 911. Guests were invited to explore the vehicles through their own creative perspectives, capturing everything from design details and distinctive silhouettes to the character of the cars through their lenses.

Beyond photography, the gathering offered an opportunity for creatives and automotive enthusiasts to connect over coffee, exchange ideas and build relationships within Bahrain's growing content and automotive community.

The event reflected Porsche Centre Bahrain's commitment to creating experiences that bring people together around a shared passion for the brand, while providing local creatives with an environment to express their individual perspectives.

"Photography has a unique way of capturing what makes a Porsche special, not just the design of the car, but the emotion, character and details behind it," said Timothy Price, General Manager at Porsche Centre Bahrain.

"Coffee & Cars was an opportunity to bring together talented photographers and content creators, give them the freedom to experience the 911 through their own lenses, and celebrate the creative community here in Bahrain."

From the timeless form of the 911 to the details that define the Porsche design philosophy, the showroom became a creative space where automotive passion and photography came together.

The event also celebrated the photographers and content creators who continue to showcase Porsche from their own unique perspectives, highlighting the role of visual storytelling in connecting the brand with new audiences.

Porsche Centre Bahrain continues to develop community-led experiences that extend beyond the showroom, bringing together Porsche enthusiasts, creatives and like-minded individuals through shared experiences and a passion for performance, design and innovation.
